WHEN THE GRID GOES DOWN — YOUR AI STAYS ONLINE.

NO INTERNET. NO CELL SIGNAL. NO PROBLEM.

🧠 THE SURVIVAL NODE AI AGENT

A custom **"Survival Node" AI agent** comes pre-loaded — ask it anything: medical, tactical, shelter, food, navigation. **No internet needed.** Two local LLMs provide built-in redundancy.

☀️ SOLAR-CHARGED & ALWAYS READY

The included **premium solar battery** keeps your Survival Node powered through extended grid-down scenarios — rugged, drop- and splash-resistant, with multiple attached cables on the device.

🤖 2 OFFLINE AI MODELS

50GB+ survival software with local LLMs - expert answers with zero connectivity required.

🛡️ BATTLE TESTED

Tested for over a year with zero grid charging — proven reliable when it counts most.

⚡ EMP PROTECTED

Mission Darkness Faraday bags shield against electromagnetic interference and RF signals — worst-case ready.

🔒 HARDENED & PRIVATE

Known tracking removed. De-bloated OS optimized for longevity, security, and off-grid stability.

🎯 PLUG-AND-PLAY

Nothing to configure. Every component tested together as a system — open and deploy instantly.

🌧️ ALL-WEATHER READY

Weatherproof hard case with padlock. Shockproof phone case. Built to survive field conditions.
